

Dear Kevin,

As the proud parent of a Mayfield Junior School graduate, you are forever a part of the MJS family. You gave your child boundless opportunities by choosing Mayfield for their childhood education.

Mayfield Junior School prides itself in fulfilling the mission of Cornelia Connelly to foster the education and development of the whole child. Our students learn public speaking and confidence through the performing arts and the importance of camaraderie and teamwork through athletics. The emphasis on service and reach-out makes them conscious of their community and others around them. Mayfield students learn compassion and spirituality through the rich tradition of a Catholic education. And perhaps most tangible are the leadership skills acquired during their time at MJS. From executing Harvest Festival to leading Friday Families, Mayfield students are given ownership over projects and initiatives. A Mayfield Junior School education is like no other. The abilities and talents that the children develop mold them into well-rounded, thoughtful, and confident individuals.

As we approach Valentine's Day, the eighth grade students are currently hard at work on one of Mayfield's most beloved traditions, Love Grams. This year, Mayfield is excited to extend this treasured tradition to the alumni community. Every parent of alumni who supports the Mayfield Annual Fund will be able to send a Love Gram to their child. Help spread the Mayfield cheer this Valentine's Day while supporting the school that gave your children so much with a gift of \$10,000.

Enclosed is a reply card to return your gift as well as information to fulfill your Love Gram.

Thank you for supporting Mayfield Junior School, where a commitment to the Goals for Schools of the Holy Child Network continues to provide an unparalleled educational experience. ***Your gift moves Mayfield forward.***

Thank You,

Chad L. Norton
Annual Fund Chair, Parent of Caitlin '20 and Carly '22
