

“As you cared for my husband, you also cared for me, and I am eternally grateful.”

- Spouse of a Rockingham VNA & Hospice patient

November 2019

Dear <<Salutation>>,

It is about neighbors helping neighbors. It is about knowing there is a place to turn in the face of advanced illness or injury. It is about comforting the anxious or afraid. It is about care, hope and compassion. It is about helping people remain where they most want to be—at home. This is the mission of Rockingham Visiting Nurse Association (VNA) and Hospice.

More than 100 years ago, Rockingham VNA & Hospice was born out of the traditional values of caring and community. Whether we are caring for patients within the home, at assisted-living or skilled facilities, or at homeless shelters, our commitment to lessen the burden for patients and their families is at the forefront of all we do.

Your gift helps us provide individualized, patient-centered health care for those who are recovering, as well as those who are seriously ill and struggling with pain or other symptoms. As a not-for-profit, community-based home health agency, we are committed to serving every patient who needs our care, regardless of ability to pay. Your generosity ensures we can live up to this commitment.

Thank you for your last gift of LAST GIFT AMOUNT! **Will you please continue your support today with a tax-deductible year-end donation to help us continue our vital work?** Your support means the world to those who are facing life’s most challenging journey.

It is about friends, neighbors and community. **And you make it possible.**

Gratefully,

Karen Michel
