provided to Massachusetts
residents in need

2019 Highlights

- The Charles Hayden Planetarium celebrated its 60th anniversary.
- The Museum entered a partnership with DCF to allow foster children and families free admission to the Museum through the Wonderfund.
- A three-year fundraising effort concluded with 23.5 million raised in initial support for the Blue Wing transformation.
- Governor Charlie Baker kicked-off the second annual Massachusetts STEM Week at the Museum, a statewide effort to increase awareness, interest, and ability for all learners to see themselves in STEM education and professional opportunities.

On Pi Day, 814 generous
supporters contributed a total
of \$101,408 to the Museum.

*Stay tuned for updates on our fourth annual Pi Day
celebration on 3.14.20.*

Your Museum of Science

Attendance-related revenue covers less than one third of operational expenses. It is your amazing support that brings the Museum to life and inspires visitors of all ages to imagine what's possible and develop solutions to shape the future.

We hope that you continue to support the Museum!
